Re: Phillips 66 proposal for rail spur extension in Nipomo.

From: Mary jane Adams and Klaus Schumann, 26 Hillcrest Drive, Paso Robles, CA 93446, (805) 238-4454.

Dear Commissioner Irving and Members of the Commission:

Much has been said about this proposal. We just want to ask you to do the right thing for Paso Robles and our beautiful County by rejecting it. How much sense does it really make to ship dangerous crude oil over thousands of miles and endanger hundreds of communities just to refine it here and then turn around and send it overseas?

Our County has nothing to gain from this project but much to lose.

Respectfully,

Mary Jane Adams and Klaus Schumann
